EXTENSIVE LOSSES BY FIRE.

Very Disastrous Conflagration in Little Rock, Ark.

And a Number of Other Fires.

National Associated Press to the Star.
LITTLE ROCK, ARK., Dec. 14.—A fire originated about 8 o'clock this evening in McCabe's ice-house, on the bank of the river, and communicated to the out-houses, thence to the laundry, and across Water street to the hotel. The barber shop of Philip Engert, E. D. Parker's bank, the clothing house of O'Dowd & McManus, and the offices of G. H. Meade and Dodge & Johnson, the Metropolitan Hotel, the Merchants' National Bank and Gleason's restaurant, all burned. At 11 o'clock the loss is put at \$150,000, and the fire still burning. A gale blowing and water very scarce.

MEMPHIS, Dec. 15.—Communication with Little Rock was cut off a little after 11 o'clock by the burning of buildings in the district through which the wires ran. There was the wildest confusion at that time and serious apprehensions of the entire destruction of a large part of the business portion of the city.

Fires at Other Places.

The Capital Flour Mill of San Francisco, owned by Denning, Palmer & Co., partially burned. Loss, \$25,000.

A fire at Mercer, Pennsylvania, destroyed a barn owned by Mrs. C. E. Jones, with six horses, several carriages, wagons, sleighs, harness, grain, &c. Also, Brown & Logan's warehouse. Spangler & Son's Bremen Brewery, St. Louis, was burned. Loss, \$35,000.

At Augusta, Maine, the east side of Water street, from Hinde's photograph rooms to Leber's harness shop, was burned yesterday. Loss about \$40,000; insurance, \$30,000.

Kerstine's flour mill, near Washington, Ind., burned yesterday morning. Loss \$8,000.

A tool shop and adjoining building, near Belmont, Mich., belonging to Mr. Henry, burned yesterday. Loss \$10,000.

The Livingstone House, Toledo, Pa., and Water's depot, United States Express office and telegraph office, all under the same roof, at Fairbury, Ill., were burned last night at 7 o'clock. The fire originated in the roof. The wind was blowing a gale from the northwest. Loss \$10,000.

The Methodist Church and Masonic Lodge at Wildcat Landing, Ark., burned yesterday.

THE DISPUTED SOUTH.

South Carolina.

National Associated Press to the Star.
COLUMBIA, Dec. 15.—The inauguration of Wade Hampton took place in front of Carolina Hall yesterday afternoon. The square in front of the hall was densely packed with persons of both races, and horse-tops were covered with spectators.

At 3:30 P. M., Hampton was escorted to the stand amid demonstrations of great enthusiasm. Members of the General Assembly occupied the space immediately surrounding the stand, with the crowd in the rear. General Hampton then delivered his inaugural address, which was firm in tone but moderate in spirit, and elicited genuine praise.

At the close of the address the oath of office was administered by Chief Justice Marshall to Hampton as Governor and to W. D. Simpson as Lieutenant-Governor, the crowd standing uncovered while the ceremony was being performed.

The chair in which Mr. Hampton was seated was then wrapped in the National colors and he was borne on the shoulders of a dozen men, escorted by the entire crowd. Several prominent gentlemen addressed the multitude from the front of the hotel. The Congressional Committee were occupying a prominent position on one of the balconies, after which the crowd dispersed.

Florida.

National Associated Press to the Star.
TALLAHASSEE, Dec. 15.—The Congressional Committee yesterday discovered what is alleged to be an interpolation of seventy-two names in the poll-list of a precinct in Leon County. This interpolation the Democrats charge was made to cover seventy-two fraudulent tickets of minute size that were found in the box. The Democrats charge that these tickets were hidden in the folds of regular tickets and thus smuggled into the box. The interpolation was charged on the ground that citizens of the precinct fail to identify any of the seventy-two names that appear consecutively on two pages to themselves, and from the fact that the poll-list at this precinct was not numbered, as at all other precincts. The Republicans claim they can explain these facts satisfactorily.

Supreme Court proceedings were stopped until Saturday next.

Louisiana.

National Associated Press to the Star.
NEW ORLEANS, Dec. 15.—Clover, Supervisor of East Baton Rouge, who testified yesterday, was recalled by General Hurlbut. Clover submitted a copy of the affidavit which accompanied his returns, showing riot, tumult, violence, fear, dread and terrorism throughout the parish on the day of election. Did not witness any violence, but was informed of it by other persons. Cross-examined.—The affidavit accompanying the returns was prepared in the Custom-house in this city. Hugh J. Campbell assisted in preparing it. A number of witnesses were examined. The Committee gave notice they would meet hereafter in the Hall of the Chamber of Commerce.

FROM THE NATIONAL CAPITAL.

Cabinet Discussion.

National Press Association to the Star.
WASHINGTON, Dec. 15.—At the special Cabinet meeting yesterday, the state of feeling in Indiana and the resolutions of the Indiana Democratic Committee were under consideration and elicited a good deal of discussion. The subject will be discussed more fully at a regular session of the Cabinet to-day.

Death of Gen. Hardie.

WASHINGTON, Dec. 15.—Inspector-General James A. Hardie, of the United States army, died at his residence in this city, at half past 7 o'clock last evening. Gen. Hardie was a native of New York, and a graduate of the military academy West Point.

Capital Notes.

WASHINGTON, Dec. 15.—The Subcommittee on Appropriations, in the House, have the Legislative Bills under consideration, and are making rapid progress. The bills will be ready for the full Committee in a few days.

The sudden departure of Senator Morton for Indiana last night is reported to be in connection with a certain operation of the Sons of Liberty, who are reported to be organizing and arming in that State.

The large reduction to be made in the force of the Bureau of Engraving and Printing of the Treasury Department is in consequence of a determination on the part of Secretary Morrill to bring the expenditures of the Bureau within the appropriations. The list of discharges has been made out and agreed upon, and will be issued to-morrow or Monday. There is also to be a considerable reduction in the Custom service, but to what extent has not been decided.

NEWS FROM THE METROPOLIS.

What the Special Correspondents Learn.

National Associated Press to the Star.
NEW YORK, Dec. 15.—A Times special from Chicago claims that there is a formidable organization in Illinois of Democrats, having for its object the seating of Tilden by force of arms if necessary. The headquarters of the legion is in Springfield, and large companies have been formed in Danville, Peoria and Chicago. The movement is disapproved by moderate leaders in Chicago.

The Herald's special from Washington says: Senator Sherman ridicules the newspaper stories about ambition of his wife and brother, and says the allegations are absurd and he does not want to be President of the Senate.

The Weather.

The weather, which for the past three days has been very mild, has again turned colder this morning, and a strong wind is blowing. The thermometer now registers thirty degrees above zero, but is falling.

Has Fied.

It is reported that Samuel E. Harris, wholesale dealer in cutlery, who recently failed with \$35,000 liabilities, has fled from the city to evade arrest on a warrant obtained by his creditors, with whom he has acted dishonorably in the disposition of his stock.

FOREIGN.

IN THE ASSEMBLY.

PARIS, Dec. 15.—In the opening speech of M. Jules Ferry, in the Assembly, he declared himself profoundly Republican, yet profoundly Conservative. He favored liberty of conscience, but with a sincere respect for religion. He said the Cabinet was parliamentary and would maintain the republic. His remarks were received with great enthusiasm.

FIGURING ON DEFENSES.

LONDON, Dec. 15.—English engineers report that a line of defenses eighteen miles west of Constantinople can be made impregnable in six weeks.

OUR DISTINGUISHED TRAVELERS.

LONDON, Dec. 15.—It is reported that E. D. Winslow, the Boston forger, has been traced to Spain, and will be brought back to this city, when he will be surrendered to the United States authorities. The detectives have not as yet been able to find any trace of Gray, the Wall Street forger.

Brooklyn Relief Fund.

National Associated Press to the Star.
BROOKLYN, N. Y., Dec. 15.—The owners of the Brooklyn Theater have decided not to rebuild. The property will probably remain idle until spring, when the proprietors of the Brooklyn Eagle newspaper will probably erect a building. The theater was always a losing speculation.

Fire Marshall Keady estimates that at least three hundred and fifty persons never left the theater alive on the night of the fire; \$2,000 were received at the Mayor's office this morning as contributions to the relief fund, and in addition the following from the theater: Mrs. John Drew's theater, \$700; Magie's theater, \$500; Lyceum Theater, \$300; T. H. McVicker, Lyceum Theater, New York, \$375; John E. Owens, Baltimore Theater, \$100.

A Few Failures.

National Associated Press to the Star.
BOSTON, Dec. 15.—The failure of Rich & Co., ship chandlers, is announced, with \$36,000 liabilities; of which \$23,000 are unsecured. E. J. Coleman, real estate dealer, with \$181,000 liabilities, has failed also. Otis Eddy & Co., lumber dealers, with \$430,000 liabilities.

TO-DAY'S CONGRESSIONAL.

Senate.

WASHINGTON, Dec. 15.—The Senate was called to order by President Ferry. A number of bills, petitions, &c., were presented and appropriately referred, among them a bill to authorize citizens of Colorado and Nevada to sell and remove timber on the public reservations for mining purposes.

The consideration of a bill to amend the Pacific Railroad bill was set down for the third Tuesday in January.

Mr. Windom reported the House bill to pay Electoral messengers 25 cents per mile for one way.

Mr. Boutwell moved to amend by

making it 25 cents per mile each way. A discussion followed.

Mr. Alcorn said the present system of compensating persons by the mile was very unequal. A messenger from the Pacific Coast would make about \$2,000 for his two weeks' work, while Virginia and Maryland messengers would hardly receive enough to pay their hotel bills. The question was taken up on the amendment by yeas and nays, and it was lost. Yeas, 13; nays, 31.

By consent, the Witness Fee Bill was taken up, and Mr. Mitchell moved to amend it, adding at the end of the resolution "provided that witnesses residing west of the 105 meridian be allowed 7 cents per mile each way, instead of 5 cents each way?"

The amendment was adopted and the bill passed.

House.

WASHINGTON, Dec. 15.—Mr. Swann, of Maryland, from the Committee on Foreign Affairs, submitted a resolution acknowledging the receipt from the Republic of Pretoria, in South Africa, of a letter of congratulation to the United States on its Centennial, and directing the Secretary of State to tender the acknowledgments of the United States. A like resolution was also reported acknowledging a similar compliment from the Argentine Republic, and was also adopted.

Bills were passed for the removal of the political disabilities of Sharp, Floyd, J. Bell and Francis Sheppard, all of Virginia.

Mr. Holman, of Indiana, from the Committee on Appropriations, reported back the Senate amendments to the bill making an appropriation to pay the expenses of the Special Committee appointed to investigate the recent elections.

The House Bill originally appropriated \$21,000 for the expenses of the House Committee. The Senate amended by putting a sum of \$50,000 to meet the expenses of the Senate Investigating Committee.

Since then the House has authorized another Committee to visit New York and Brooklyn, the appropriation for the House to be therefore increased to \$32,000, and the Committee recommends that the Senate appropriation be reduced to \$30,000, which the Committee deems sufficient.

Bush, will give an entertainment at the Town Hall this evening, on which occasion will be presented the grand romantic and melodramatic spectacle entitled "Earnest Maltravers, or the Outlaw's Revenge," with a good cast. The evening's entertainment will conclude with the nonsensical absurdity of "Romeo Jaffer Jenkins."

At the conclusion of the performance a reception will be given for those of the audience desiring to remain. The music for the occasion will be furnished by the Philharmonic Orchestra of Milford under the direction of Prof. Otto Palm.

Two More Fires.

Five minutes before noon an alarm was given from Box 43, corner of Seventh and Cutter streets. The fire was on the roof of a brick dwelling on Barr street, between Cutter and Mound. Loss trifling.

Another alarm was sent in at 1 o'clock from Box 33, corner of Race and Fourth streets. This alarm was due to an incipient fire on the roof of the three-story brick building on Race, above Fourth, formerly the Sixth District school, the third story of which is occupied by Geo. McGregor as a lock factory.

The engines soon had a number of streams on the flames, which were soon extinguished. The loss does not exceed \$100. The cause of the fire is a mystery. This building was burned some time ago.

Father Doyle All Right.

To the Editor of the Star:
In your issue of the 7th inst. you published the indictment brought against me, Rev. Robert F. Doyle, for illegal voting. Nothing could be more unjust, as may be seen from the action of the Court yesterday. Now, Mr. Editor, I suppose this indictment to be the result of malice. I have strong suspicions, and I believe my country knows my dear friends by this time. More anon.
